

**ELEVENTH INTERNATIONAL CONFERENCE ON
ANTIMICROBIAL AGENTS IN VETERINARY MEDICINE (AAVM)**

September 11-14, 2022 Madrid, Spain

Dear Colleagues,

We are currently preparing the *Eleventh International Conference on Antimicrobial Agents in Veterinary Medicine (AAVM)*, to be held September 11-14, 2022 in Madrid, Spain. This forthcoming conference follows the success of the past ten AAVM conferences held in Helsinki, Ottawa, Orlando, Prague, Tel Aviv, Washington DC, Berlin, Budapest, Rome and virtually due to the Covid-19 pandemic.

The antimicrobials are still important and necessary in farm and companion animal therapy, notwithstanding the increased attention and measures to promote an overall reduced and responsible use. The risk for the spread of bacterial resistance when antimicrobials are used is well known, and the interconnection of use of animal and human antimicrobials further increases the concern for human and animal health. Alternatives to these drugs are increasing, but still not routinely available. The veterinary medicine has to deal with the increasing requirement of antimicrobial use reduction, the lack of valid alternatives and a more prudent and updated use of antimicrobials in the therapy. These aspects and many others, such as, pharmacokinetics, pharmacodynamics, PK/PD modelling, antimicrobial resistance, residues, analytical methods, clinical trials, environmental impact, etc. are the forefront topics of the AAVM program.

Antibiotic resistance is caused by the misuse and overuse of antibiotics, as well as poor infection prevention and control. Steps can be taken to limit the transmission of resistance, and also to prevent and control the spread of infections. Research on new and alternative antimicrobial molecules, early detection of diseases, biosafety and control measures for infections in intensive farms, will be in the spotlight for the upcoming AAVM conference as well.

We encourage debates and discussion between the presenters, discussants, and participants. The Covid-19 pandemic did not stop our work and last year's virtual conference allowed for greater participation and communication between attendees and speakers. AAVM Conference is confirmed as one of the leading meetings in its field, providing a very intensive program and encourages discussion among the attendees.

We look forward to welcoming you to Madrid.

Sincerely,

Prof. Petra P. Cagnardi
Conference Chairperson

Prof. Stefan Soback
Conference past-Chairperson

ELEVENTH INTERNATIONAL CONFERENCE ON ANTIMICROBIAL AGENTS IN VETERINARY MEDICINE (AAVM)

September 11-14, 2022 Madrid, Spain

PLATINUM SPONSOR: 25,000 Euros

The following rights will be granted to the Sponsor of this category:

- Full color advert on the back cover of the Program book
- Company logo and acknowledgement on conference website
- Company logo and acknowledgement in the program book
- 30 min lecture with lecturer of your choice
- 3 x conference registrations

MAJOR SPONSOR: 15,000 Euros

The following rights will be granted to the Sponsor of this category:

- Full color advert inside the Program book
- Company logo and acknowledgement on conference website
- Company logo and acknowledgement in the program
- 30 min lecture with lecturer of your choice
- 2 x conference registrations

SPONSOR: 10,000 Euros

The following rights will be granted to the Sponsor of this category:

- Black and white advert inside the Program book
- Company logo and acknowledgement on conference website
- Company logo and acknowledgement in the program
- 1 x conference registration

CONTRIBUTOR: 5,000 Euros

The following rights will be granted to the Sponsor of this category:

- Company logo and acknowledgement on conference website
- Company logo and acknowledgement in the program

CONFERENCE APP: 5,000 Euros

The Conference App engages attendees with personalized planning tools and real-time event updates. The App includes the scientific program, abstracts, speaker info, participant lists, and a personalized scheduler.

The following rights will be granted to the Sponsor of this category:

- Logo to be included on the homepage of the app as 'sponsor of the app'
- Inclusion of company logo on the Conference website and final program book

ELEVENTH INTERNATIONAL CONFERENCE ON ANTIMICROBIAL AGENTS IN VETERINARY MEDICINE (AAVM)

September 11-14, 2022 Madrid, Spain

WELCOME RECEPTION: 10,000 Euros

Exclusive Sponsorship of the Conference Welcome Reception.

Benefits include:

- Inclusion of company logo on the Conference website and final program book
- Significant branding at the Welcome Reception
- Name & logo on Welcome Reception vouchers
- 2 complimentary passes to attend the Congress

CONFERENCE BAGS: 2,000 Euros

The following rights will be granted:

- Inclusion of company logo on the Conference website and final program book
- Inclusion of company logo on the bags
- One piece of promotional literature in the Conference bag

CONFERENCE LANYARDS: 3,000 Euros

The following rights will be granted:

- Inclusion of company logo on the Conference website and final program book
- Inclusion of company logo on the conference lanyards

INSERT INTO BAGS: 1,000 Euros

The following rights will be granted:

- Inclusion of company logo on the Conference website and final program book
- 1 Insert into participant bags
